XD4 SERIES

Designed for the Residential and Commercial Professional

**FEATURING THE REACTOR H-XP3**

*Ideal for high volume applications.*

**WORK MORE**

The ProPAK XD4 is a portable spray system that can be used to spray foam insulation, spray polyurea coatings and bedliners, injection foam, and polyurethane concrete lifting.

**WORK ANYWHERE**

The XD4 features the Reactor H-XP3 – Reach lengths up to 410’ from your spray rig with Powerlock Heated Hose. This unit comes equipped with the max hose length available for XD Mobile Spray Rigs.

**WORK ANYTIME**

On board generator power allows you to work anywhere, anytime. The XD4 features a 40KW Diesel Generator for on site power as well as a upgraded 40 CFM Rotary Screw Air Compressor for all your pneumatic needs.

**WORK SAFE**

ProPAK Mobile Spray Rigs are engineered and designed by industry professionals that understand what you need to work safe. Each ProPAK Rig comes with a Fresh Air System and all of the necessary safety equipment you need to be compliant on the job.

GOOSENECK OR TAG ALONGS AVAILABLE

[www.sprayfoamsys.com](http://www.sprayfoamsys.com)

Setup in an 8x20 Cargo Hauler, the ProPAK XD4 can easily be towed by a 1 ton truck. There is plenty of room to carry up to three sets of foam and enough space to store ladders and scaffolding. The standard work bench stores all of your safety equipment.

Backed by the powerful Graco H-XP3 Reactor, this rig allows you up to 3 gallons per minute of material output and up to 410’ of hose length. Turn key unit with Generator power and Air Compressor on board.
